

# Stem Mounted Extensions 6" & 12"

## Stem Mounted Extensions

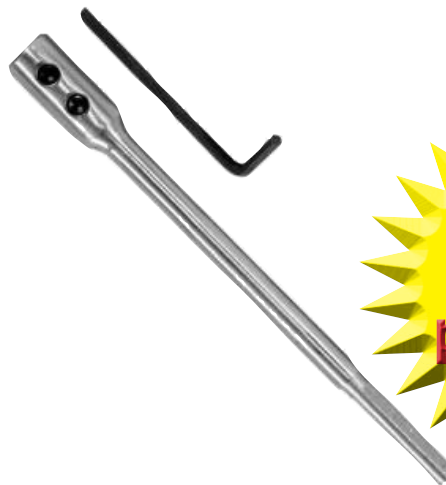

- Extensions add 6 or 12 inches to 1/4 shank tools such as carbide burs, mounted points and flap wheels.
- The Extension has three flats on shank for faster chucking and to prevent spin in drill motors.
- Forged of finest quality tool steel and made of heavy-duty, double set screw type for durability.
- Allen wrench included.
- 3 Flats on Shank —allows fast, easy positive chuck grip for safety and speed. Also great for keyless chucks.
- Offered in 6" or 12" lengths —for multiple applications to access hard to reach areas.

## LIMITED TIME OFFER

**Purchase \$50 or more of Carbide Burs, Mounted Points or Flap Wheels and receive your choice of at 6" or 12" Stem Mounted Extension for FREE**

**(up to a \$14.00 VALUE!)**
