**NEW!**

## Bi-Focal LED Safety Glasses

### BI-FOCAL LED SAFETY GLASSES (CLEAR)

These safety glasses available in 4 diopter strengths, have two built-in LED lights. Each light has its own switch so they operate independently for optimum lighting and performance.

- Ultra Bright Built-In LED Lights
- Full Brow Guard
- Non-Slip Cushioned Temples
- Polycarbonate Lenses
- Meets ANSI Standards
- Non-Slip Nose Cushion
- Scratch Resistant
- Anti Fog Coating
- 99.9% UV Protection

## ForceFlex Safety Glasses

These high velocity impact and flex frame safety glasses feature the latest style and technology:

- **Thermo Plastic Urethane frame** allows the frame to flex and fit individual faces from large to small.
- **Dual material temples** combine Thermo Plastic Rubber for comfort and grip and Polycarbonate for durability.
- Greatly **exceeds the Military MIL-PRF-31013** standard for ballistic level impact resistance.
- Incorporates **patented multi-injection molding** of the lens with a **flexible Thermo Plastic Urethane** frame for ultimate impact protection by bonding the lens within the frame.
- **Universal nose bridge** for comfort.
- Includes **microfiber cleaning case** for storage and cleaning.
- **Scratch-resistant coating** for longer wear.
- **Filters out 99.9% of UV rays.**
- **Exceeds ANSI Z87+ high impact standards** and EN166 standards.
- **AS/NZS 1337 compliant.**
- Manufacturer's **Lifetime Frame Warranty.**
